

SPOKE IN A HARD RAIN.

President Roosevelt Refused the Protection of an Umbrella at Logansport, Ind.

MADE A BARGAIN WITH THE CROWD.

Said He Would Do Without a Shelter Over His Head If His Hearers Would Do the Same—Address Mainly Devoted to the Tariff Question—Senator Beveridge and Congressman Landis in the Party.

Logansport, Ind., Sept. 23.—President Roosevelt and party reached Logansport at 7:15 Tuesday morning, with the screeching of whistles and shouts of a great crowd assembled at the Wabash station to greet him. His stop was unusually long, due to his train being transferred from the Wabash to the Panhandle tracks here. The distance between the stations left him only five minutes for his speech, which was made from a platform built on the high school lawn. The party was driven to the high school at a brisk trot, the Spanish War Veterans and G. A. R. marchers hustling to keep up.

When the stand was reached the rain was coming down hard. A great many umbrellas were raised and cries from those in the rear who could not see the president induced him to say: "I will make a bargain with you; I won't have an umbrella over my head if you won't have one over you." The crowd laughed and a great many of the umbrellas were lowered. Senator Beveridge and Congressman Landis joined the party at this place. The president's speech, which dealt with tariff revision, took longer to deliver than the time scheduled to stop here.

Mayor Vaughan introduced the president and the speaker was interrupted frequently by cheers. Upon the platform were seated 150 persons and the president shook hands with a few of these before leaving. Others tried to reach his hand as he climbed into his carriage. He overlooked the outstretched hands and stood in the carriage raising his hat and bowing.

Four Hours at Indianapolis.

Indianapolis, Ind., Sept. 23.—President Roosevelt was the guest of Indianapolis for four hours Tuesday. The special train bearing the presidential party arrived shortly before noon. The party was driven directly to Tomlinson hall, where he addressed the Spanish-American war veterans now holding their annual reunion in this city. At three o'clock the president left for Muncie.

The president spoke as follows at Tomlinson hall: "In speaking to the men who volunteered for the Spanish war, I wish to lay particular stress on the need of preparedness. Modern war of a serious kind is determined quite as much by what the antagonists have done in advance of the outbreak as by what they do afterwards."

HOW TO HELP THE JEWS.

British Official Says Some Power Must Crush Roumania Before Relief Comes to the Persecuted Race.

London, Sept. 23.—"Nothing that will be of any permanent good can result from Secretary Hay's note to the powers on Roumania's treatment of Jews unless somebody is willing to crush Roumania, and no power seems anxious to take on that task."

The foregoing quotation from the utterances of an experienced British official represents the real opinion of the British foreign office on the subject of the negotiations between America and Europe, and represents it with a terse straightforwardness which is hardly likely to figure in the guarded diplomatic replies which Mr. Hay's note will eventually produce.

Twenty Years for Bessie Hickland.

Olathe, Kan., Sept. 23.—Bessie Hickland, who killed a 12-year-old boy at Wilder last July and was found guilty of murder in the second degree by a jury in the district court a few days ago, was sentenced by Judge Sheldon this morning to 20 years in the penitentiary. Bessie Hickland killed Allen Bailey, July 26. She is 22 years old. The boy was a stepson of her half brother.

SAYS YOUNG IS INNOCENT.

Counsel for Alleged Murderer of Mrs. Pulitzer Declares He Was Not Even an Accomplice.

Derby, Conn., Sept. 23.—William Hooper Young, the alleged murderer of Mrs. Annie Pulitzer, in New York, left here Tuesday in custody of New York detectives. Young's departure was witnessed by several hundred persons at the railroad station, but he paid no attention to the curiosity of the spectators. He looked fresh and much better than yesterday when he went through the trying ordeal of identification. The prisoner made no objection to his removal to New York.

William F. Hart, of New York, who has been retained as counsel for Young, arrived here early today. He immediately went to the jail and talked with Young for an hour or more. At the close of the interview Mr. Hart said: "Young is an innocent man. The police believe they have got him on an alleged confession, which he made before he had legal counsel. It will be proven that Young was not even an accomplice."

ABSCESS ON HIS LEFT LEG.

President Roosevelt Forced to Undergo an Operation and Will Cancel His Dates and Return to Washington.

Indianapolis, Ind., Sept. 23.—As a result of the trolley accident at Pittsfield, Mass., the president received several serious bruises. One of these on the left leg between the knee and the ankle has developed into a small abscess. The president is entirely well otherwise to meet the several engagements of his itinerary, but in view of the continuance of the abscess and out of abundance of cautions, Drs. Oliver and Cook, of Indianapolis, were requested to meet Dr. Lung, the president's surgeon at Indianapolis, Dr. Richardson, of Washington, also being one of the number. In the opinion of the doctors the trouble necessitates an operation which they think should be performed at once at St. Vincent's hospital in this city. After the operation the president will require entire rest, probably for at least ten days or two weeks. It has been necessary to cancel all the remaining engagements of this trip and he will go directly from Indianapolis to Washington this evening.

The physicians say that the abscess is no danger whatever. This statement is made that no false rumors may disturb the people and that they may be advised of the exact nature of the case.—George B. Cortelyou, Secretary to the president.

MINERS GETTING DESPERATE.

William Hoffmann, Aged 17, Messenger for American Iron and Steel Co., at Lebanon, Pa., Killed by a Bullet.

Lebanon, Pa., Sept. 23.—This city was in a state of excitement all night. There was firing of pistols for hours in the vicinity of the American Iron and Steel works, where a strike is in progress. The colored men who have just arrived at the works were terrified as were the colored citizens in the vicinity. About midnight William Hoffmann, aged 17, was shot and he died in the hospital today. He was a messenger in the office of the American Iron and Steel company and had attended an entertainment in the opera house. On his way home he was struck by a bullet. To-day the plant is surrounded by a threatening crowd.

The strike situation here has become so critical that troops may be ordered here by Gov. Stone within 24 hours. A self-constituted committee of citizens of Lebanon waited upon the governor this afternoon and earnestly requested that he furnish the city with military protection.

HARVESTING A GREAT CROP.

Little or No Damage in Missouri from Early Frosts.

Columbia, Mo., Sept. 21.—The most wonderful crops grown in Missouri are now being harvested. The work is progressing rapidly. Cutting has already been completed in the southern sections, and threshing is almost done, with the exception of a few southeastern counties. Potatoes and similar crops are now being dug, and a great yield is reported, though there is considerable complaint of rotting, due to the continued wet weather. Cow pens has surpassed expectations and a great crop is being harvested.

Plowing has been completed, or is well advanced, in all sections, and seeding is in full progress. The soil in most sections is reported to be in unusually fine condition, though in Taney, Christian, Stone and Barry counties it is too dry for favorable plowing. Fall seeding has been delayed in some of the western and central counties, owing to the continued rains.

Considerable wheat is up and reported to be growing finely, and all pastures are flourishing. Though tobacco was damaged to some extent by frost, especially in Clinton and Jefferson counties, the loss is by no means serious. Almost the entire crop is housed and out of danger.

In spite of the numerous reports of the rotting and dropping, the apple crop is maturing finely, and though the yield will be comparatively small the fruit will be of very good quality. Almost the entire corn crop has been out of danger for a week, and but little loss from frost, however severe, need now be feared. In rare localities late corn is still kept green by too much rain, but the vast bulk of the crop has already matured.
